Popcorn System Training Meetings

All of the following popcorn online system trainings will be delivered via a GoToMeeting website where up to 25 individuals will be able to listen and speak with our Council Popcorn Kernel, Staff Advisor and other Popcorn Kernels. By joining us, you will be guided through an online system training via screen shots and conversation. At this time we will also be able to answer questions and possibly troubleshoot problems that others are experiencing with the online systems.

GoToMeeting
