

Coffee, Migration and Faith Delegations

**2014 Border to Border:
October 31-November 8, 2014 &
November 7-15, 2014**

Sponsored by the
Just Trade Center, a Ministry of Frontera De Cristo.

Participating in a short term immersion trip is a wonderful way to gain a deeper understanding of the economic, political, and spiritual connections that we have across borders and to understand the impact we have through our ongoing support of local, regional, and global mission. Building personal relationships with people of different cultures is also a valuable part of our ongoing quest for personal and spiritual growth. It gives us a meaningful opportunity to see how God works through individuals and in communities working together to create a positive change.
