A Foundation for the Future

The Boys & Girls Clubs of the Los Angeles Harbor has been helping community youth reach their full potential in academics, arts and athletics since 1937.

Our College Bound program helped increase the graduation rate of our high school seniors from less than 50% in 2002 to 98% in recent years, with 97% of graduates going to college. Our Arts Academy provides expert instruction to dedicated youth in fine arts, music, dance, digital arts and film production.

At 15 sites in San Pedro and Wilmington, we provide a safe, nurturing environment to our youth and inspire them to greatness.

Your support through a Legacy Society Gift will ensure that future generations will have the opportunity to live productive lives in a safe, positive and caring environment.
