

Stay Informed via Text

Text Message Reminders are here for Sunday morning RE programming!

Messages are being sent through a service called Remind 101. This is a text message service designed for teachers to use with both students and parents, and is set up so that all phone numbers are kept private. In addition to emails, Beacon Bits, and inserts in the order of service, this is one way that we plan to communicate information, particularly about upcoming events, the occasional last-minute change or addition, or special info or instructions for a particular Sunday's programming.

Here's how to sign up:

Send a text to this phone number: (469) 518-3975

In the body of the text, indicate which group you wish to sign up for:

@nuucforum (get the Forum topic sent to your phone via text)

@youthprog (7th-12th grade; youth and parents welcome)

@nuuckids (pre-K-6th graders' parents)

That's it! You should receive a confirmation text shortly after signing up.
