

Fundamental Skills Demonstration Schedule

September 19-21, 2014

We encourage you to bring any woodturning questions you have to these sessions. This is an informal area where you can find answers to your basic questions about turning. In the schedule below, "Lead Topic" simply indicates the topic which the Leader will be prepared to demonstrate in some depth. All sessions are open for any Questions & Answers and "Hands-On" practice. While sessions are scheduled for 60 minutes, we will stay as long as required to answer all questions.

Location-

Near the right-rear corner when entering through the main Exhibit Hall entrance
