

Do you know a Middle School student with a BIG idea?

The Lancaster Chamber of Commerce is proud to announce the Young Entrepreneurs Academy (YEA!), where we are gearing up to teach middle school students the ropes when it comes to starting and running their very own legal and real businesses.

We are in the thick of student recruitment for YEA!

Classes are starting this fall!

So if you know of any Lancaster middle school students who have a BIG idea?
Who have always wanted to learn how to make a job rather than just take a job?
We would love to meet them!

The YEA! program has been a success for students all across the country, and we couldn't be happier to be introducing this program to our young students this fall. YEA! will be teaching these students how to pursue their passions, and give them the tools when it comes to starting their own business ventures and social movements!

For more information on how to nominate a student or to participate in this program contact
Sandy Smith at the **Lancaster Chamber Office 661-948-4518**
