BALOO is a one-day training event that introduces leaders and parents to the skills needed to plan and conduct pack outdoor activities, particularly pack camping. The training is designed for registered adults who may or may not have minimal camping experience but who desire to help plan and carry out an entry-level outdoor experience for the Pack. **At least one BALOO-trained adult is required to be part of any outdoor experience** – have ALL your Pack's adults trained to ensure a great program happens!

-- **Pre-course planning details** – what to bring, how to prepare for training – will be provided by e-mail to registered participants on/about **October 5, 2014**

-- Lunch is provided. Those with medical/dietary restrictions are encouraged to mark specifics on the registration.

OWL is designed specifically for Webelos den leaders and their assistants. The course teaches outdoor-related skills through demonstration and hands-on practice. Webelos den campouts serve to move the Webelos Scout to the next level of the BSA's ever-increasing challenge in the outdoors. Webelos den leaders should attend this training before conducting Webelos overnight camping. In addition to covering basic camping skills, this training features planning campouts and finding resources.

-- **Pre-course planning details**, to include den assignment, camp equipment list (personal and group) and other details will be provided by e-mail to registered participants on/about **October 5, 2014**

-- There are three meals provided. Those with medical/dietary restrictions are encouraged to mark specifics on the registration.

PLEASE NOTE: BALOO and OWL are separate courses and are designed for two different participant groups. Neither course is a pre-requisite for the other.
