

Assistive Technology Trainings Summer 2014

Excite! Invite! Engage! Using the iPad with Children with Special Needs 9:00-11:30 AM (registration at 8:45) Participants of this training will get an overview of the built-in apps in the iPad, ways to use the settings to improve physical access, how to navigate the Apps store, and examples of apps for communication and learning. Bring your iPad to follow along if you have one, but this is not mandatory to gain information from this training.

\$50.00

June 26th, 9-11:30 Indianapolis

July 15th, 9-11:30, Greenwood

Lights! Camera! Wait! What You Need to Know Before Creating Video Learning: 9:00-11:30 AM (registration at 8:45) Learn about 4 basic types of video-based learning strategies appropriate for those with autism, learning disabilities, and cognitive challenges. See how to use storyboard templates for planning before turning on the camera and skills that can be taught using video modeling/learning.

\$50.00

July 16th, 9-11:30 Greenwood Only

Augmentative Communication and the iPad: Making it Work 1:00 – 3:30 PM (registration at 12:45) There is more to using the iPad for communication than “talking pictures”. Clinical guidance for app selection and implementation can make a big difference in the communication skills of those with significant speech/language disorders. Participants will learn similarities/differences of using dedicated devices and iPads, features of apps and how to select apps and vocabulary to meet needs.

\$50.00

June 26th, 1-3:30 Indianapolis

July 15th, 1-3:30 Greenwood

Apps for Video Modeling: 1:00 – 3:30 (registration at 12:45) Participants will learn about apps for teaching social skills as well as 5 different video modeling apps used for creating customized instruction. Step-by-step instructions for using the apps iMovie, Explain Everything, and Shadow Puppet, will be shared. Come see easy suggestions for editing video that anyone can use.

\$50.00
