

TOBII DYNAVOS DEVICE LOAN LIBRARY

Located at the Assistive Technology Resource Centers of Hawaii

What devices are available?

- One I15 eye tracking SGD system
 - One T10 dynamic display SGD system
 - Two M8 dynamic display non-SGD systems
 - One PC Eye/EyeMobile/Surface Pro 3 eye tracking non-SGD system
-
- SGD systems are covered by insurance providers
 - Non-SGD systems are not covered by insurance

I Series

- The Tobii I-12 and Tobii I-15 are speech generating devices that enable effective communication in all forms – from voice output, environmental control and computer access, to long distance communication. A rugged design, unparalleled power management, support for touch to gaze interaction and more make the I-Series ideal for everyday use.

T10

- Your DynaVox T10 includes the world's most robust, researched-based communication software available today. DynaVox Compass goes a step beyond with intuitive supports, on-device video tutorials, and even an industry-first complementary companion app!
- Just 1.9 lbs with an average thickness less than 3/4 of an inch, the industry's first dedicated Speech-Generating Tablet.

Eye Mobile and Surface Pro 3

- The Tobii EyeMobile consists of the Tobii PCEye Go eye tracker, the versatile EyeMobile mounting bracket and a standard, off-the-shelf Windows 8 Pro tablet of choice . You control the device using only your eyes with the truly unique user interface – Tobii Gaze Selection.

M8

- The Tobii M-8 is an extremely portable communication device for text and symbol based communication. Whether you are literate or not, expressing yourself is only a few taps away. The Tobii M-8 is very suitable for users with high mobility who still have control of their hands including:
 - Users with autism
 - Individuals with Downs Syndrome
 - Users in the early phases of ALS
 - Individuals with CP
 - Those suffering from stroke/aphasia

How do I borrow a device?

- Contact Kevin first. Why?
 - To ensure you get the best experience from your trial, we want to make sure you are well educated about the device options, features, benefits and function of each system.
- Contact ATRC and schedule a pickup
 - Jodi Asato, Program Manager
 - 200 North Vineyard Blvd., Suite 430
 - Honolulu, HI 96817
 - Phone: (808)-532-7114
 - <http://www.atrc.org>

Who can borrow devices?

- The devices in the loan library are designed for evaluations and short term trials and should be used by:
 - Speech and Language Pathologists
 - Teachers and other education professionals
 - Assistive Technology Professionals
- The devices are not designed to be taken home by a family/end-user UNLESS prior permission is given.

Are there any requirements?

- Pre training and tutorials
 - We want you to get the most out of the trial period so if there is anything we can do to help you become more educated about the products, let us know.
- We can provide:
 - Video links
 - Electronic guides – pdf, word, etc
 - One on One Remote Training – skype, gotoassist, etc

Where is ATRC located and who should I speak with?

- Jodi Asato, Program Manager
 - 200 North Vineyard Blvd., Suite 430
 - Honolulu, HI 96817
 - Phone: (808)-532-7114
 - <http://www.atrc.org>

What are my next steps?

- If the trial is successful for you and you would like to acquire a device, contact me.
 - kevin.forde-nihipali@tobiiati.com
 - 808-563-0714
- If you feel you need more time for the trial, please return the loaner to ATRC and contact me for a longer term trial device.
- If the devices, do not meet your needs, contact either ATRC or myself and we will be happy to inform you of other technology or resources that may help.
