

CLEAR WATER ACADEMY

FREE MOBILE APP

We are excited to announce that Clear Water Academy has their own mobile app!

TheAppDevelopers.com created this app to give Clear Water families instant access to all current information about our school. The all new Clear Water Academy Mobile app makes life a little easier for our parents and staff alike. How? Push notifications will keep all app users up to date with important and timely information. The dates and times of events are available in the palm of your hand. Below are just some of the features in our new app: Push Notifications; Event Calendar; Quick Dial or Email Absence Line; Sports GPS for Sporting Events; & One touch email functionality from the Clear Water Academy Directory. Once downloaded, you will see a scrolling menu at the bottom of the screen. Simply swipe to the left or right to navigate the menu options.

Please download this FREE app in the iTunes App Store or Android Store. Search for “Clear Water Academy”, download, and enjoy this great tool. Please contact Erlynn Gococo at egococo@clearwateracademy.com with any questions.
