

Update from the
**Alumni
Association**
David Kerns

Hello Graduates!

Winter in Durango is winding down a little quicker than we'd like, but the students are preparing for their mid-term exams and getting excited about warming up in toastier climes during spring break. You can almost see springtime peeking her pretty green head over the La Platas as we head into the last part of the term.

Alumni Relations just finished two alumni events that were well attended by our graduates and supporters of the college. FLC Basketball played at Regis University on February 22, and

both the men and women had close, hard fought games! Alumni Relations along with FLC athletics hosted apps and drinks to boost school spirit. Although the men's game was a nail biter at the end, the Skyhawks pulled out the win!

Next up after basketball was the annual Alumni Ski Day at A-basin! Unfortunately, a layer of fresh snow made for sky high avalanche danger, and the pass that makes it easy to get to A-Basin was closed causing a 30 mile detour. Despite these barriers we still had a number of hearty graduates that came out to ski with us and celebrate on The Beach at the end of the day. A-Basin was the perfect venue with challenging terrain, friendly people, and a warm & sunny place to gather. We will be back next year, so put it on your calendars!

Coming up Tuesday March 11th from 4:00 – 6:30 PM, is the first ever New Graduate Networking Event, held at the Lost Dog, (1150 Main Ave in Durango.) The first hour of the Event is to teach our upcoming and recent graduates the finer points to networking. The following hour and a half will be a time to put those new-found skills to use, as our soon-to-be graduates have a chance to meet with some of our most prominent Durango-based alumni and business leaders. The Event is an opportunity to open some doors for our graduates, and provide some essential networking skills that are used in every industry.

Can't wait to see some connections get made,

Dave Kerns
