

Update from the
**Foundation
Office**
**Margie
Deane Gray**

A month ago we saw over 200 Fort Lewis College students graduate in Whalen Gym. At this important point in their lives many individuals can take credit for helping them reach this goal. All of these students have great potential for very successful lives ahead. With the significant educational foundation they received at this outstanding college, they take this knowledge and move forward to find their place in the world.

While the past few years have been difficult times to find jobs for college graduates, we have great hopes for our alumni. They are smart, adventurous risk-takers who accept the challenges that will make important things happen in their different worlds. They realize that it takes dedication and hard work to make change happen. They are ready. Our exceptional professors have given them the many tools they need to succeed...and they will.

As we begin a new semester and welcome new transfer students to our campus, they will know within a short period of time that attending Fort Lewis College will be one of the best decisions of their lives. As they continue their studies here, they will find the knowledge they need to make their mark now and later in life. Success breeds success. Like the others who have preceded them, they too, are on the right path for obtaining future success.

Thank you for your continued support of our students. Your belief in their talents and knowledge will help ensure that they reach their goals and find that it will be a future filled with abundant possibilities for them.

Here's to a new year of boundless opportunities!

Warmly,

A handwritten signature in cursive script that reads "Margie".
