

Wanted: Additional Space

Circle of Hope headquarters is a little house near Needham High School and is where we accept donations, sort them, prepare them for delivery and then deliver them. It all moves pretty quickly but we are finding that with our exponential growth of supporters and at the same time delivering to hundreds more vulnerable families and individuals, we need additional space. So, we're reaching out to our friends who can provide a solution, or even a suggestion. We are looking for a donation of space in Needham that is clean, temperature-controlled, with ground floor or easy access. If you have an idea, please e-mail Kate Maguire at Kate@CircleofHopeonline.org.
