Have you ever felt like you are one muscle correction away from being pain free?

Often times:

- There is a muscular component contributing to pain.
- A skilled manual therapist can reduce the problems within specific muscles.
- A self help enthusiast with adequate information can help themselves.
- Pain can be reduced rather quickly.
- It's a matter of having information and guidance.

Muscle Management® continues to offer unique and effective resources for the manual therapist seeking continuing education and the self-help enthusiast looking for information and answers.

Chances are you came here searching for information, for alternatives and answers about pain...yours, your family member, your friends, or maybe even a clients. We are here to offer information about the muscular component 'participating' in that pain...and that is the focus of 'Muscle Management'; relieving pain and restoring function by focusing precision therapy on the muscles.

We offer unique insight's into the human body's natural built-in maintenance, recovery and health management abilities with respect to it's largest and most often under-appreciated system...The Muscles.

"Disease does not occur unexpectedly. It is the result of constant violation of
