## **RATHER THAN SUPPORT THE COMMUNITY THEY HAVE BEEN ELECTED TO REPRESENT, THE FAIRFIELD CITY COUNCIL HAS MOVED TO SUPPORT THE MINORITY.**

The \$80 M Fairfield train station project promises an influx of local jobs. But as it stands right now, our City Council has negotiated an unprecedented agreement that will see this work going to a small group of construction workers and NOT benefitting the entire community.

Eighty-three percent of construction workers in the area are NOT affiliated with a union and would be shut out from this tremendous work opportunity. This could be you, your neighbors, your friends, even your kids.

Ask yourself, is the Fairfield City Council on the right track for our community? Shouldn't a community project benefit the community?

***A final vote on this agreement will happen in July, so contact the City Council today! Tell them to support our community and vote NO on the train station labor agreement.***
