

Cal Poly Pomona's graduate business programs offer students the chance to advance their careers with a number of academic degrees including the Master of Business Administration (MBA), the Master of Science in Business Administration (MSBA), and the Master of Science in Accountancy (MSA).

Our classes are intentionally kept small to allow for better interaction with faculty and to promote learning that comes from a closely knit community of scholars. Our school is on the quarter system and students who satisfy all prerequisites may complete a program in as little as four quarters or 12 months.

CAL POLY POMONA

Graduate Business Programs

General Admissions Requirements:

- 4 Year Bachelor's Degree
- 3.0+ Overall GPA (recommended)
- GMAT Score 500+ (required unless waived)
- If Required, the TOEFL with 237 Computer/580 Paper/92+ Internet Based or IELTS with a 7+

Students with an accounting degree from an AACSB-accredited school, earned within the last seven years with a minimum accounting GPA of 3.25 may waive the GMAT. They are subject to the other admission requirements.

Our programs are cohort based to ensure timely completion and curriculum cohesiveness, therefore we only admit students during the fall quarter. The application deadline for Fall 2014 via www.csumentor.edu is August 15th and supporting documents (GMAT, 2 letters of recommendation, and resume) are due August 30th.

Cal Poly Pomona's Graduate Business Programs have been accredited by the AACSB, a distinction that less than 5% of the world's 13,000 business programs have earned. AACSB schools produce graduates that are highly skilled and more desirable to employers than other non-accredited schools.

The accelerated Master of Science in Accountancy (MSA) program is designed for working professionals who wish to advance their careers, either as a Certified Public Accountant (CPA) or in some other area of accounting. Students in the accelerated program take three courses per quarter to complete the program within one year.

Features of the MSA:

- Accelerated MSA students finish in one year.
- Combination of face-to-face, online and hybrid classes. Evening and weekend classes.
- MSA faculty are published scholars who meet the rigorous "academically qualified" standard within the College.
- Classrooms are equipped with wireless access and high speed networks.

- Courses are multidisciplinary and applied, preparing graduates to work effectively in the field. MSA students co-create knowledge with faculty.
- The MSA meets the "accounting study" requirements for CPA licensure in California.
- The cohort model provides outstanding, career-long networking opportunities.
