

PARTNERS *in* EDUCATION

PARTNERING IN THE MISSION

The Eagle's Landing Christian Academy Partners in Education Program is designed to link community businesses to our school for the mutual benefit of both parties.

The program involves a yearly commitment that grows and develops between a business and ELCA. The Partners in Education relationship is designed to create a support system from the resources of a business that helps to meet the needs of the school. In return, ELCA provides promotion for the business through the school's various communication tools including our electronic newsletter and website.

If you would like more information about the ELCA Partners in Education Program, please visit www.elcaonline.org/partner to sign up and view a list of our Partners in Education.

If you need more information, please contact the ELCA Development Office at (770) 957-2927.
