

# SUKKOT AT GBDS

## DESIGN AND BUILD A MINI SUKKAH!

Sukkot is the perfect time to reflect on our relationship with the environment and give thanks for the bounty we receive. Celebrating the harvest and praying for rain are important parts of Sukkot.

The Academies at GBDS invite all students to embrace the holiday through an exciting interdisciplinary project that weaves together Judaic studies, art and design, environmental studies and mathematics.

### **The challenge:**

Build a miniature sukkah using materials that are recycled, reused, or found in nature.

All projects must follow the guidelines for the dimensions of a sukkah (see reverse for full guidelines)

Your mini-sukkah should be sent to the school by Oct. 3rd. All sukkot will be displayed from Oct. 5th until Oct. 15.

Please contact Sheila Barbach, Academies Coordinator with any questions at 201-337-1111 ext 206

Please join us in observing this joyous holiday!
