Introducing
Rev. Edward R. Brown

serving with
Care of Creation Inc.
in Madison, Wisconsin

Rev. Edward R. Brown is the Director and CEO of Care of Creation, and serves as the Lausanne Senior Associate for Creation Care for the Lausanne Movement. He directs the work of Care of Creation in the US, Kenya and Tanzania, and as Lausanne Senior Associate is responsible for all of the Lausanne Movement's creation care activities. Ed has been involved in the creation care movement for fifteen years; he speaks throughout the US and internationally on the topic of creation care, and has been a seminar presenter at no less than 5 Urbana conferences.

Ed is the author of two books: *Our Father's World: Mobilizing the Church to Care for Creation*, InterVarsity Press, 2008, and *When Heaven and Nature Sing: Exploring God's Goals for His People and His World*, Doorlight Publications, 2012. *Our Father's World* was praised by biologist and environmentalist E. O. Wilson as "beautiful and inspiring," and author Howard Snyder says *When Heaven and Nature Sing* "is packed full of wisdom—wisdom that is both biblically based and ecologically sound."

Ed received the Bachelor of Arts degree from Gordon College and the Master of Divinity from Gordon Conwell Seminary (Pastoral Studies). He served as Chief Operating Officer for Au Sable Institute of Environmental Studies, and has worked with InterVarsity Christian Fellowship and as a pastor both in the US and overseas. He and Susanna, his wife, both grew up as children of missionaries in the country of Pakistan, and carry a love for that country and for overseas ministry with them. They live in Madison WI and have four grown children: Melanie, Tim, Katrina and Amy.

Organizational background: Care of Creation Inc. is an environmental missions organization. It was founded in 2005, "to pursue a God-centered response to environmental challenges that brings glory to the Creator, advances the cause of Christ, and leads to a transformation of the people and the land that sustains them." Overseas projects in Kenya and Tanzania include discipleship, tree-planting and agricultural programs. In addition, Care of Creation is in partnership with the Lausanne Movement and A Rocha International to start national evangelical creation care movements in as many as 30 countries around the world by 2017.
