The **Sentimental Sounds Swing Band** is a group of 17 musicians who play favorites from the Big Band era of Glenn Miller, Count Basie, Benny Goodman, Duke Ellington, Tommy Dorsey and others. This always-popular music style appeals to the young as well as mature audiences who enjoy hearing numbers like *In the Mood*, *String of Pearls*, *Jumpin' at the Woodside* and *Sugar Blues* – the music that people are humming and singing long after the concert ends.

The band is donating their time & talent. 100% of proceeds go to Local and Global Missions!
