

Unique Advertising Opportunity!

Promote your business AND support youth in music and theater
by advertising your business in the program
of MHS Drama Dept & Centre Stage Inc.'s Fall production of
"Legally Blonde"

Centre Stage Inc. was established in 2000 to provide opportunities for children and youth to learn about and experience music and theater. Our goal is to have as many children and youth as possible experience the thrill of performing live before a live audience. This October, we are excited to join forces with the Monrovia High School Drama Dept and co produce "Legally Blonde" at The Dr. Louise Taylor Performing Arts Center. Performance dates are October 3-5, 2014.

Each year, many local businesses take advantage of this opportunity to advertise their businesses AND at the same time, support Centre Stage Inc and Monrovia High School students. Your partnership and investment in this fundraiser go directly to making this production of "Legally Blonde" a wonderful opportunity for local youth. We thank you for your support!! Families can also send their STAR a "break-a-leg" message, or wish the cast and crew a great show, and show their support!
