What are they saying about Leadership Johnson County?

"Leadership Johnson County was an experience I won't forget. Touring the resources and industries in Johnson County opens your eyes to how blessed we are here in the River Valley. Some of the best resources of Johnson County that I discovered along the way were my fellow participants. I will value the relationships formed over this past year for the rest of my life. I would recommend this program to anyone who wants to learn more about Johnson County and build friendships along the way."

Eric Dickerson, 2013
Pastor, The Journey

"After living in Clarksville/Johnson County my entire life, I thought I knew all there was to know about our community. I was mistaken. The Johnson County Leadership Class opened my eyes to a whole new group of businesses and individuals. The Leadership Class was truly a wonderful learning experience for me but the thing I will treasure most is the life long friendships that have been forged with my fellow classmates. Thank you for the opportunity of participating and being a part of the Leadership Class of 2007/2008."

Greg K. Donaldson, 2008
Clarksville Chief of Police

"I thoroughly enjoyed being in the Johnson County Leadership Class. I was already familiar with a lot, but learned a whole lot more. In addition, the class formed a bond of friendship amongst the members that will last a lifetime. From local and state government to civic organizations, schools and industry, the class introduced us to a side of Johnson County we wouldn't have experienced otherwise. I highly recommend Johnson County Leadership to anyone and everyone, whether you've lived here your whole life or are new to the community. It is a great opportunity to get to know more about the place we call home."
