

All Angels Recovery Ministry

This extends the diversity of outreach for aiding the community to outgrow limiting life patterns and learn new coping skills to deal with hurts, hang ups and unwanted habits. The power of fellowship through weekly communal meals, Bible reflection, prayer, testimonials and a circle of confidential supportive listening are all key elements. On all Fridays except last one of the month, an open, topic share or 12 Step group (facilitated by Val McCarty of All Angels) are held after the PUMC recovery worship service, about 8 p.m. All these open gatherings are based on the ***Celebrate Recovery*** process of a Christ-centered, scripture based program for creating a more balanced, serene and happier life.
