

Dear USA Hockey Coaches, Officials and Volunteers,

One of the most exciting aspects of the USA Hockey SafeSport Program is the online training/education that is available to help our members become aware of the information necessary to help prevent abuse from occurring in our sport. Your dedication to safety in our sport is demonstrated by the **over 15,000 USA Hockey members that have already completed the SafeSport training.**

USA Hockey, in connection with the USOC, is pleased to announce a new permanent platform for the online training, which will be more user-friendly and will include enhancements that among other things will allow participants to view their test question answers and results. This email is to provide guidance about our transition to this new training platform:

1. *If you have completed the training*, there is nothing for you to do at this time.
2. *If you are currently in the process of completing SafeSport training*, you should continue to access the old training site, <http://training.safesport.org>. Training on this site must be completed **NO LATER THAN JANUARY 31, 2014**. If you do **NOT** complete your training by this date, your progress will be lost and you will be required to create an account on the new site.
3. *If you have **NOT** registered to take the training*, you should do so by visiting the new platform, <http://training.teamusa.org>. Please note that the training is still available at **no cost**.

To register for training on the new platform:

1. You'll need your USA Hockey membership number (confirmation number from your online registration as a Player/Coach, or Manager/Volunteer) or your Referee number. If you don't know your USA Hockey membership number you can access it from [www.usahockeyregistration.com](http://www.usahockeyregistration.com) under Member Options, click on Request Duplicate Registration Confirmation.
2. If you don't have a USA Hockey membership number you can get one by processing your Manager/Volunteer Registration for the 2013-14 season. It's easy to do and there's **no charge**. Go to [www.usahockeyregistration.com](http://www.usahockeyregistration.com) and click on Register Now, check that you are over 18 and select Ice Manager/Volunteer. At the end of the process you will immediately receive your confirmation number.
3. Click on the following link to register: <http://training.teamusa.org/accounts/register>. You will then be asked for your email address, to create a user name and password, and to select and answer a security question. In the drop down menu for Select Organization, be sure to select **USA Hockey**. You will then be asked for your membership number which is your USA Hockey confirmation number (or referee number if you are a referee). Next click on the red save button on the bottom right side of the page. You will only need to register the first time to set up the account. Once the account is set up, you will sign in using your email address and password.

Once you have registered, complete the following steps to access the training:

1. Click on the icon for the Store
2. Select **USA Hockey SafeSport** (please note there is a generic SafeSport training option, but you should select the version customized for USA Hockey)
3. Add to Bag
4. Checkout
5. Place order
6. Activate
7. Launch Course

Thank you for your diligence in helping making our sport as safe as possible!

Dave Ogreaan  
Executive Director, USA Hockey
