

Chamber Members-you CAN afford to tell all of URCC's area about your business! From now through February 28, SoMa Radio A.M. 1320-your good neighbor station for Greater Attleboro-in cooperation with the URCC is offering a special radio advertising rate that makes it economical and wise to advertise! For too long, radio advertising, while effective, has not been in every business' reach. The URCC and SoMa 1320 have decided it is time that each and every business that can must get its message out there!

People are now more inundated with messages of all kinds that ever before. To combat this, the special URCC/SoMa package offers FREQUENCY! Your business' message can be heard FIFTY times during the high-listenership hours of 6A.M.-Noon Monday through Saturday over the course of one month! That's twice each day and then some! We know this is a hard time of year and we want to help drive customers to your business! You work very hard and give your business your all. Let us take some of that burden off of you by telling others about your company over our airwaves which are heard in Bristol County as well as the most of the Providence metro area and the Eastern Blackstone Valley!

What does it cost you? \$200. What do you get? Fifty (50) 30-second radio ads over the course of 4 weeks on SoMa 1320 (1320 on your A.M. radio) from 6A.M.-Noon Monday through Saturday which are also heard on soma1320.com and 1320warlradio.com! That's 2 sites plus radio! How do you sign up? If you have a SoMa ad rep, please contact them. If not, e-mail sales@soma1320.com.

Now's the time! Spread your message on SoMa 1320!
