

VCCA Green Building Committee Meeting  
Presentation, Networking & Happy Hour  
Wednesday, July 16th

*The New Title 24, What's Hot & What's Not  
What you need to know as a Building Professional*

Please join the Ventura County Contractors Association on Wednesday, July 16<sup>th</sup> at Carrows Restaurant (corner of Seward Ave. & Harbor Blvd. in Ventura) at 5:00 p.m. for a presentation, networking and perhaps a drink after work from Carrows full service bar. VCCA's Green Building Committee has historically met for a breakfast meeting, but this month we thought we would try something new.

New rules under Title 24 became the law July 1, 2014. There will be a brief presentation with hand outs of the items you will need to watch out for as a general contractor or subcontractor. As always, this monthly meeting will also give you a great opportunity to network with other Green Building Professionals. Hope to see you there!
