

# Rockefeller College

of Public Affairs and Policy

A nationally ranked leader in Public Affairs education

UNIVERSITY AT ALBANY

State University of New York

## Alumni Project

Greetings!

Rockefeller College is launching a new annual tradition that celebrates our graduating students, increases identification with the institution, and raises the visibility of the College. ***Folio for the Future*** is a special initiative that will provide each of our 250 graduates with some of the essential tools they will need as they enter the workforce. Through this initiative students will receive custom Rockefeller College of Public Affairs & Policy folios containing important tips for success after graduation. The folios, alone, while useful for busy professionals, will also serve to remind the graduates that they are members of an esteemed Rockefeller College alumni community. As they carry their folios into meetings in their new jobs, it will signal their association with our College and allow fellow alumni to identify and support these promising young professionals. Each folio will contain:

- Rockefeller Alumni Resource Guide
- Top 10 career tips for new Rockefeller alumni
- A note, from you, to the student

We are creating a committee of 25 alumni for our ***Folio for the Future*** team. We are asking each team member to contribute \$100 to the fund (or secure this total from other fellow alumni). Your gift of \$100 sponsors both folios for 10 students and the Commencement Weekend Receptions for graduates. You and your fellow team members will be invited to host either our commencement reception for graduate students on May 17, 2014 or our commencement reception for undergraduate students on May 18, 2014. We believe that alumni directly presenting a gift to the graduates and celebrating with their families will make for a very special day. This event will also provide a wonderful opportunity for networking among alumni and graduating students as they officially join the ranks of our alumni family.

To participate in ***Folio for the Future***, [please print and fill out the form at the link, and return it to the address provided](#), or [make your gift online](#). When giving online, select "other" and indicate "Rockefeller Folio Project" in the comments box. You may also contact Andrea Lomanto at 518.442.3862. Thank you for your support and consideration.

Sincerely,

David Rousseau  
Dean, Rockefeller College of Public Affairs & Policy
