Why is the Trust holding events in Burke County?

The Kate B. Reynolds Charitable Trust, a statewide private foundation focused on improving the quality of life and health for individuals across North Carolina, is launching Healthy Places NC in Burke County. We want to work on health issues in the county long-term, and we want to learn from YOU about what Burke County needs to get healthier. If you care about the health of people in your family and community, then this forum is for YOU! Youth are also welcome!
