

Parent Volunteers Needed for ITKA Program

Dear ITKA Members, Family, and Parents,

In order for our ITKA instructors to provide detailed attention to the needs of our students, we are asking for your help. We would like to continue to foster a creative, supportive, peaceful, and positive cooperative environment which is highly conducive to learning and future success. As a father and instructor, I have raised three children and have taught countless students from varying socioeconomic backgrounds, domestically and abroad so I am very well aware as to the needs of children.

One thing all the children have in common is that even the most disciplined and respectful children have their moments and need positive reinforcement to overcome their obstacles. I entrust that every parent wants the best for their child including the delicate nurturing that they all require and seek. As I assemble my team of parent volunteers, I expect certain innate qualities to be displayed by the volunteers including patience and kindness, while continually providing positive words of encouragement. We need more than one volunteer to undertake this task in order to maximize our teaching output so that our students can receive the most benefit. To help volunteer please email me sensei@itka-karate.com or contact the school's office. At the onset of the program, I would like to ask you to be ready at the site a few minutes before students gather and stay throughout until the class has been dismissed. I truly believe we could have a joyful and positive experience while we are serving our kids by sharing our knowledge, experience, skills to help build the foundation for future contributors of society.

Please fill out the form below and bring it to the school office at your earliest convenient. I and or another instructor will be available on regular basis from 2:50PM until the conclusion of class.

Best regards,

Shihan
