

February 28, 2014

Dear Parents:

It's time to plan and budget for the 2014-2015 school year. Despite increasing book costs and decreasing grants from the State to help with these purchases, the curriculum/technology fee is remaining at \$250/child. Because estimating the school budget for next year is dependent on the number of students we expect to have enrolled, it is very important for us to receive your registration before the budget is finalized in April and the tuition rate is set. To encourage prompt registration of students for next year, the following incentive has been approved.

- Registration by March 28, 2014: the curriculum/technology fee for the first student is \$225.00
- Registration by April 25, 2014: the curriculum/technology fee for the first student is \$250.00
- Registration after April 25, 2014: the curriculum/technology fee for the first student is \$275.00

The curriculum/technology fee for any additional students in the family is \$250. If the first curriculum/technology fee is paid after April 25, 2014, because the budget must be set in April, the first child is \$275 and the remaining student's curriculum/technology fee is \$250.00.

Please find the attached REGISTRATION FORM. Please fill out the registration form and return it to school by Friday, March 28, 2014 with the curriculum/technology fee for one child.

If you have more than one child in grades Kindergarten through Eight, **the additional curriculum/technology fees of \$250/child are due by the first day of school.**

As in the past, the curriculum/technology fee is fully refundable until August 1, 2014. After August 1, 2014, the curriculum/technology fees are non-refundable as textbooks are already purchased. Any remaining curriculum fees not paid by August 12th will be turned over to FACTS Tuition to add to your account. If you are unable to pay the curriculum/technology fee at this time, you must call the office. St. Teresa School offers tuition assistance for qualifying families. The FACTS application information for Tuition Assistance is available online. Returning this form with the appropriate fee takes care of your child(ren)'s registration for next year.
