Dear Parents:

We are very excited to announce the addition of *Math in Focus* and *Think Central* to our educational curriculum resources within the district. *Think Central* offers you the opportunity to look inside your child's day-to-day learning.

Getting started is as easy as 1-2-3!

Success at school should be a shared learning experience. As a partner helping your child make the most of learning, *Think Central* offers the right tools for you and your child. It all begins with a simple login to the website.

How to access the *Think Central*:

1. Access your Internet browser and enter the URL (site address):
