

# You've never heard your music like this before!

Do you walk away from a performance feeling angry or frustrated, because you know you could have played better if you could have just heard yourself? **In-Ear Monitors** are the solution!

When you play a gig are you often straining to hear yourself and your mix? We have a solution! **In-Ear Monitors** provide optimum sound quality for musicians when performing. They also provide isolation from loud levels of sound which in turn allow you to hear only what you want or need to hear in order to perform. **Custom musicians earplugs** are the most comfortable plugs on the market that will fit your ears perfectly and retain sound quality. Musicians Hearing Solutions is the premier center for all the specialized hearing needs of musicians and audio enthusiasts.

## OTHER SERVICES WE OFFER
