

SAVE THE DATE!

Join B-More Dog and The Humane Society of the United States for a community meeting.

We will discuss the *Tracey v. Solesky* court ruling, how it affects Marylanders, and the difference between dangerous dog ordinances and dog bite liability. **Most importantly, we'll talk about ways you can work with lawmakers to reverse this decision.** We must be well-informed and united in 2014!

If you're a dog owner, "pit bull" lover, or animal advocate, please attend a free local meeting and find out what you can do to help. While the court's ruling targeted pit bull-type dogs, ALL dog owners will be impacted by this legislation in January.
