“I am a firm believer in the people. If given the truth, they can be depended upon to meet any national crisis. The great point is to bring them the real facts.”

— Abraham Lincoln

Join J.R. Martin for an in depth look at the root cause of decline in U.S. manufacturing, which has caused the worst economic crisis since the Great Depression. How did we get here? What are the destructive trade and economic policies that have contributed to the 2008 financial meltdown? Can it happen again? What is the Free Trade Myth? What is the relevance to the housing and construction industries? What can be done to fix this and rebuild the U.S. Economy?

J.R. Martin has extensive international experience developing business in Asia, Europe, The Middle East, and South America. He has held key leadership positions in the semiconductor, computer, and medical device industries. Born in Pittsburgh, Pennsylvania he completed his Masters Degree with Central Michigan Univ. while serving in the Navy as a Cryptologist.

Program — March 4th, 2014

Selling U.S. Out — A non-partisan examination of trade and economic policies that have brought about the current economic crisis creating significant job losses, and economic strategies for the path forward.
