1-800-827-1008**

Dr. Galasko is Professor of Neurosciences at University of California, San Diego and Director of the UCSD Shiley-Marcos Alzheimer's Disease Research Center. He is internationally recognized for his research in biological markers and genetic risk factors for Alzheimer's and related disorders including Dementia with Lewy Bodies and Frontotemporal dementia. He has published over 200 research articles. Dr. Galasko evaluates and treats patients in his neurology clinic at UCSD and maintains a particular interest in younger onset dementia.
