

The Company of Angels

With much love, gratitude and overall happiness...I would like to thank the following families for their extreme generosity and goodwill in regards to financially paying for a *new floor* in the store. Our old flooring served us well for 16 years and you can only imagine our joy now! Our walls received a fresh coat of paint and with shelving reshuffled...we feel like a new store.

Blessings on the following families...

Julie Fish, Rachel Skelly, Sarah Rodelo, Lorri Whitney, Carrole Watts (alumni parent), Elizabeth Shier-Burnett, Andrea Marco, Peter Norgaard and Nola Casserly (alumni parent)

If you were fortunate enough to receive for Valentine's Day the beautiful bouquets arranged by...

Christie Hall and Johana Baird

You were in for a treat. These two women worked tirelessly creating these bouquets for this special day. All bouquets were sold and many were wishing for more. We are all looking forward to spring when these '2' will be creating new bouquets. All proceeds go toward garden improvements at The Company of Angels. Thank you over and over *Christie and Johana!*

REMEMBER...please think of us first when purchasing books, birthday presents or just a thought for a loved one. Hopefully we are your *one stop shopping store*. How can we improve...please let us know!

With warm regards,

Nona and Rachel
