

GOLDEN APPLE GRANTS

Do you know what a Golden Apple Grant is? Ever heard of them? Well, here is your chance to find out! The Valley Forge Middle School PTO has created a fund to support outstanding and innovative programs, ideas and/or purchases which will enrich the educational experience at VFMS. The standard Golden Apple Grant is \$200 and typically up to 10 grants will be made available during each school year.

Do you have an idea we can support? We are accepting grant applications now for the 2014-15 school year. Any member of the VFMS community is welcome to apply including teachers, staff, administrators, parents and of course students. The PTO Board will review submitted applications and grant recipients will be notified and receive funds on a 'first come, first served' basis until all budgeted funds have been allocated.

Please send completed applications to Tarina Mahtab by email at tarinamahtab@msn.com or by hardcopy to the PTO mailbox in the VFMS main office. Questions? Please contact Tarina with any questions.
