Parkland Health Center Foundation Board Welcomes New Board Members

John Crouch, chairman of the Parkland Health Center Foundation Board, is pleased to announce that Leanna Johnson and Donna Gallagher have recently been appointed to the Parkland Health Center Foundation Board.

Leanna Johnson earned her M.Ed. in Informational Science and Learning Technologies with a focus on Technology in Schools from the University of Missouri-Columbia. She teaches career and educational technology to middle and high school students at St. Paul Lutheran School. Leanna is the web manager for the Garden Clubs of Missouri, Inc., and a member of the Memorial United Methodist Church in Farmington. She and her husband, Dr. Bill Johnson of Parkland Health Clinic, have three children. Leanna is originally from this area, and she is the daughter of Charles and Pat Rorex of Farmington.

Donna Gallagher is also from this area. After graduating from Farmington High School, she attended St. Louis University and graduated with a Bachelor of Science in Nursing. Donna and her husband, Dr. Brian Gallagher of Medical Arts Clinic, have three children. Donna has been very active in her children's school district and currently serves as secretary of the athletic booster club and as co-chair of the 2013 Farmington High School Project Graduation. Donna and her family attend Memorial United Methodist Church in Farmington.

The Parkland Health Center Foundation is a 501(c)(3) charitable organization that was established in 2009. The mission of the Foundation is to secure philanthropic support for Parkland Health Center to accomplish its mission of providing extraordinary care. Recent examples of philanthropic gifts from the Foundation to Parkland Health Center include a Sentinell Vanguard S-Series breast coil which is a specially designed coil that enables breast MRIs in conjunction with mammography and breast ultrasound; a digital radiology room equipped with Siemens Ysio Wi-D digital x-ray equipment; expansion of the oncology/hematology center at Parkland Health Center-Bonne Terre; and the Vocera voice communication project.

Parkland Health Center is part of BJC HealthCare which also includes St. Louis Children's Hospital and Barnes-Jewish Hospital, the teaching hospitals for Washington University School of Medicine. For additional information about Parkland Health Center, please call (573) 756-6451 or the physician finder service at (573) 431-3338 or visit www.parklandhealthcenter.org.
