## The Story Behind the Journey To Kenya

The Journey to Kenya is the next phase in Priest Lake Presbyterian Church's continuing support of Angaza Nuru, a feeding and education

ministry to the people of Lower Bodoi Village.

In March 2013, PLPC began making monthly donations to the Saturday feeding program in Lower Bodoi Village, an outreach ministry that now includes approximately 170 children. During the Christmas 2013 season, PLPC members "adopted" 68 children in the village by financially contributing to tuition for one year of school and a weekly meal.

Those who are called to embark on the Journey to Kenya will work side-by-side with villagers on a number of projects, all aimed at fighting hunger, alleviating poverty and promoting education.

## Journey To Kenya Goals

By working with Angaza Nuru leaders, Friends of Angaza Nuru have set the following goals for the trip:
