

September Community Service Project for Sullins Academy

Sullins Academy will be supporting Girl's Incorporated of Bristol in the month of September. Girl's Incorporated is a non-profit organization with a mission to inspire all girls to be strong, smart and bold. Girl's Incorporated offers academic enrichment activities, skill-building programs and counseling services to girls and their families.

As a Community Service Project during the month of September for Sullins Academy, we would like to help meet some of the needs of the Girl's Inc. program. We will be collecting items during the month of September. While you are welcome to bring anything that you may have or that interests you, we are asking grades to focus on a particular item, so that we may provide a variety of items to support the organization.

SPECIAL NOTE FROM DR. SYKES:

Our school has created a Community Service tradition in order to help our students grow up with a sense of empathy and compassion for those less fortunate than themselves. We would strongly urge you to discuss this as a family opportunity for community service. Consider making a special trip to the store with your student to help cement an understanding of the concept of giving back.
