

“Education is at the core of an individual’s ability to grow and succeed and therefore a key factor of any thriving community. For those of us not working directly in the schools and who have finished our own school cycle, it is imperative that we provide the support for those following in our footsteps. Please join me in supporting exemplary education in Cabarrus County. It is our civic responsibility. It is our future.”

Rachel E. Wilkes, Executive Director
Cabarrus County Education Foundation
