Special Forces Expert Says...
A welcome guest should he return to train with our troops!
*SGT Kenneth Gentry
U.S. Army 19th Special Forces Group*

Spec Op Commander Says...
Magnificent instruction! A high level of professionalism for all of the officers.
*Major Aurelio Rodrigues
Commander, Military Brigade of Special Operation, Brazil.*

Israeli Fight Expert Says...
Very impressive! I would like to express our gratitude to Sergeant Jim Wagner.
*Colonel Gidy Lind
Academy Coordinator,
Israeli Police.*

"Real World Survival"...
Simple, effective, real-world survival tactics for managing combative subjects, edged weapons attacks, multiple assailants, ground encounters and other life threatening situations.

"Best Money Ever Spent"...
Wow! That was the best money I've ever spent on instruction or equipment in my life. Awesome. The tactics were so simple but so effective. I watched in amazement for the entire time. Chris is the only instructor I've seen that has a real knowledge of street fighting. The many techniques also blew me away. They gave me the attributes I was missing and the moves nobody else could show me -- at such a reasonable price. If it had cost 500 dollars it would have still been a huge bargain. It was everything you claimed.
*Ryan Crowe

A New Calm Confidence!
This is a better investment than buying guns or knives to protect me with and it gives me a calm confidence to face any situation no matter what sick jerk I run into. I want to say thank you.
