

Fall Product Rally

Wow, what a way to kick off the season for our Fall Nut/Candy & Magazine program starting with our first Fall Product Rally! Five Service Units came together to put on a council-wide Fall Product Rally at Clayton Middle School on September 6, 2014.

Service Units as far as Portola attended this event. Over 106 girls attended, from Daisies all the way up to Ambassadors. The girls learned all five business skills that are needed to sell Fall or Cookie Product. Most skills were led by girls along with many dedicated volunteers to supervise.

New leaders got a chance to get some much-needed hands on training while their girls enjoyed the 5 skills stations. This event was super successful where girls left with the knowledge on how to sell nuts/candy & magazines through the basic door to door all the way through social media outlets. Since this event was so successful you don't want to miss our 2015 Cookie Kickoff that the Reno/Sparks SU will be putting on. Watch for more information about this kickoff in coming monthly essentials.
