

Cyndi Forman

Cyndi has served as the campus minister at Georgia Tech for 9 years and at Emory University for 6 years, encouraging students to actively live out their personal relationships with God. She requests prayer for students as they finish the semester. Pray that they will be mindful of the importance of academics, but continue to let God be the driving force in their lives. Pray for continued opportunities to share Jesus on campus with other students with authentic and meaningful moments.

North American Prayer Request

Timothy J. Allred

Eagle, AK

Timothy serves as a church planter in Alaska. "We are praying for a contemporary worship leader who has a passion to lead people into the presence of God through worship and to disciple fellow worshipers in Christ-centered, gospel-proclaiming worship. Please pray with us that God will lead just the right person to us for this great work."

International Prayer Request

Central Thai of Thailand

Please pray for churches throughout Thailand as they prepare for their annual Christmas outreaches and presentations. Some churches not only use this time as an outreach focus for their own city, but they also work together with new church planters to bring the love of Christ to other unreached areas. Central Thailand is an area that comprises 27 provinces and approximately 20 million people. Less than .05 percent of those people believe in Christ, and in most cases, they have never heard of the love God has for them--a love that would cause Him to send His only Son into this world with the purpose of dying for their sins. Pray for blind eyes to be opened this Christmas. Pray for churches to proclaim boldly and love fully, and pray that the ears of Central Thai people will hear and believe.

Minister and Spouse

Travis Boyd, Minister of Music & Worship, and Cindy
