

Scarborough Land Trust
Fresh from the Farm Dinner
Celebrating 10 Years of Conserving the Farm

Broadturn Farm

In 2004, Scarborough Land Trust (SLT) purchased and permanently protected the 434-acre Broadturn Farm property and buildings. With prime croplands, hayfields and forests, it is SLT's largest property. SLT has a long-term lease with farmers John Bliss and Stacy Brenner who own and operate the Broadturn Farm business, a dynamic farm of certified organic vegetables, field-grown flowers, farm weddings, farm camp for kids and other education programs. SLT is one of the few land trusts in Maine to forge such a partnership with local farmers.

All dinner proceeds go to SLT's Broadturn Farm Fund to care for the land and buildings of our Broadturn Farm property.

Conserving land for people, for wildlife – forever!
