WHAT'S UNIQUE ABOUT OFFICE 365?

We understand the technology you need to help you manage the business challenges you are facing. We are excited that there is a new offering in the market that has been designed specifically for you!

It works perfectly with the Office you know and use so your employees don't have to learn a new tool (or require additional training from you). It is designed to help you work seamlessly online or offline. Plus, all these services can be managed within a single web-based admin console, so you can easily integrate with your existing Active Directory, add/delete users, and add security to your mobile devices. All services are supported and backed by the same 99.9% uptime guarantee Service Level Agreement.

Consider the following benefits:

- **DEVICES**: Office 365 works great across all your devices. With its modernized, clean, and fluid user interface, it works great with touch, mouse and keyboard, or pen.
- **CLOUD**: When away from your computer, you can stream a full-featured version of Office 365 on any internet-connected PC with Office on Demand. Your documents are saved by default to the cloud.
- **SOCIAL**: Stay connected to all of your contacts. You can quickly schedule a meeting, send an email, start an IM or voice and video chat.
- **SIMPLIFIED IT:** Office 365 has solutions optimized for size and IT needs. Office 365 will simplify management across your on-premises and cloud environments.

Provides Virtually Anywhere, Anytime Access.

DOES YOUR COMPANY FACE ANY OF THE FOLLOWING SCENARIOS? HERE'S WHY YOU SHOULD CONSIDER UPGRADING:

1. Using an older server and worried about its security and maintenance costs?
2. Growing in size and looking for technology to help meet your organization's mobility and collaboration needs?
3. Having trouble managing a number of disconnected web-based email or software?
4. Using outdated versions of Office, such as Office 2003 and experiencing compatibility issues or concerns with end of support?

IF YOU ANSWERED "YES" TO ANY OF THE ABOVE QUESTIONS, THEN OFFICE 365 CAN BRING YOU GREAT BUSINESS VALUE AND ENHANCED PRODUCTIVITY.....YOU ALWAYS HAVE THE MOST UP-TO-DATE TECHNOLOGY AS IT IS CLOUD-BASED!

Rely on IntraSystems to deploy Office 365!

- **Use Office on your devices.** Access documents, email, calendar, and contacts with Office applications optimized for any device.

- **Access your documents wherever you go.** Save to the cloud by default for automatic backup.

- **Get Office on demand.** Use Office even when you are away from your PC. Sign in to Office using any browser and quickly stream an Office application for full-experience viewing and editing.

- **Create and edit documents from your favorite web browser.** Work on documents even when you're away from your device and using an old or non-Windows machine.

- **Conduct effective meetings.** Host and participate in online meetings with multi-party HD video conferencing, screen sharing, and real-time note taking.

- **Manage teams and projects easily.** Create a mailbox within a site to keep track of team communications.

- **Share with customers and partners.** Share documents from SkyDrive Pro or SharePoint team sites with controlled access.

- **Stay connected with your people.** Take advantage of an integrated social experience to stay close to the people and content .

About IntraSystems

IntraSystems was founded on the premise that a company should focus on their core competencies - not systems and networking infrastructure issues. By assisting in the design, installation, security, and maintenance of networked technologies, IntraSystems enables corporations to focus on business growth and utilize new technologies to enhance corporate productivity. We follow through on all aspects of IT planning, development and maintenance for server-based computing, security and network integration, network diagnostics, virtual private networks, disaster recovery and outsourced technical support.

Our mission is to provide secure application delivery, virtualization services and secure network infrastructure solutions centered on the principles of excellence, service, and quality. IntraSystems delivers customer satisfaction through technical competence, prominent partnerships, and professional integrity of all employees. Because our specialized core knowledge and experience is difficult to duplicate, we can offer customers a trusted relationship with the highest level of personalized service in the industry. Whether a company needs customized IT solutions, managed service or training, the IntraSystems team combines in-house expertise and the highest level of business partnerships to allow customers to get on with their core business.

We know that the foundation of your network depends on your infrastructure's organization. Whether you count on one IT department or you're structured with different departments that manage each element of your network, IntraSystems can help prioritize what's most important to your success. IntraSystems draws on key knowledge and extensive experience in assessing, designing and deploying solutions specific to your organization. Moreover, we review your business priorities and your environment - seeking the right combination of technical skills and technology to suit your unique situation. The IntraSystems team understands the advantages of being flexible and proactive. There's no single recommendation or favorite product that is a solution. We craft solutions that fit your needs alone, while keeping you informed of the latest developments affecting your business.

Recommending, customizing, and implementing IT configurations form the backbone of our key strengths. Over the years, these services and our long-standing reputation of technological and business integrity have merited an impressive list of satisfied customers. Naturally, we take our responsibility very seriously. It's an approach that works well in everyday situations — and it's precisely what drives our success.
