A True Story of a Team That Makes little over \$8,000,000 a year...

Watch Over My Shoulder As I Show You How To Turn \$2000 into \$1.7 Million Dollars in Roughly 1.9 Years Trading Stocks...

If I Fail to Prove That, I Will Refund Your Money And Pay You \$200 From My Own Pocket For Wasting Your Time!

My name is Anthony Green. I think you may want to come to my office as soon as finish reading this letter... If so, my company is located at 200 West 56th Street, New York, NY. .

Now what I am about to share with you is a real life story.

It's about a very small team of 6 people (including me) who make an average of \$153,846.17 each and every week... by trading on the stock market

And just to save you the math, that adds up to **a little over \$8,000,000 a year. Or just under \$22,000 a day.** In other words, it's a truckload of money -- no matter how you look at it!

But much MORE important..
