## Stewardship

## Growing Grateful Generous Givers

Pastors, bring a team of 3-5 to this workshop and be equipped to do year-round stewardship. You will go home with the tools you need to open up the conversation about stewardship in your congregation in a new way.

The first session of these workshops was offered in the spring, but don't worry if you missed the first round. You are still welcome to attend this fall. Choose the workshops that are most convenient for you. They will be led by pastors from this synod. There is no cost for these workshops.

**Call or email the synod office to register your team: 715.859.6810 or [contact@nswi.org](mailto:contact@nswi.org).**

- ◆ Connect giving with discipleship and faith practices.
- ◆ Help develop a culture of generosity.
- ◆ Build an awareness of where the money goes.
- ◆ Create a plan for growing giving in your congregation.
