

~ Next Level Parenting ~ The Early Childhood Parent, Family, & Community Engagement and Education Workshop

The bond between Head Start and the families it serves is a symbiotic one in nurturing their child's learning and development. Time to Sign supports parents and teachers in developing warm relationships that nurture children's learning and personal growth and development.

The Early Childhood Parent, Family, and Community Engagement and Education Workshop teach parents to understand, connect, and positively support their young children.

Topics of the workshop include:

- Knowledge of Family Wellness, Health, and Safety
- Positive Nurturing Relationships Techniques that Support Child Learning, Behavior, and Social Emotional Development
- How to Support Everyday Learning of Children in Their Homes, in the Program, and in Their Communities
- Life Long Learning for Children and Their Parents
- Enhancing Family, Peer, and Community Connections
- How to Use a Picture Schedule for the Home Environment
- Communication Languages for Your Child
- Age Appropriate Developmental Milestones
- Age Appropriate Signs and Activities
- Understanding Our Four Brains and Their Development
- The Importance of Learning through Play, via the Use of Songs, Games, and Stories
- Picture Scheduling of Activities
- Early Childhood Communication and Literacy Skills
- and much much more...

Parents receive the Time to Sign Learning Guide for Children Ages Birth to Five with DVD, Infant-Toddler Music Book and CD, Young Children Activity Workbook, Understanding and Utilizing Our Four Brains with DVD, Activity Clock, Home Labeling System, Posters, and Board Books.

School readiness begins in the home. The earlier parents begin to support their child's education and personal growth and development the greater the child's academic success.
