The Illinois State Water Survey (ISWS) and Federal Emergency Management Agency are inviting residents to attend and learn more about the recent Physical Map Revision to portions of Lake County's Flood Insurance Rate Map. The revision affects 16 map panels and reflects new study information in the Squaw Creek Watershed. By attending you will have the opportunity to:

- ❖ **Locate your property on the revised Flood Insurance Rate Map (FIRM)**
- ❖ **View the revised Flood Insurance Study Report (FIS)**
- ❖ **Review the map panels & FIS for accuracy, & submit comments**

Representatives from FEMA, ISWS, and the Illinois Department of Natural Resources will be on hand to answer questions and accept comments.
